Extended Repayment Plan Form

This alternative repayment plan can lower your payments without a consolidation. You may choose this repayment option if your student loans were made after October 7, 1998, and if you owe more than \$30,000 in federal student loan debt. You may extend your repayment up to 25 years, minus the time your loans have already been in repayment. This plan will increase the overall amount of interest paid over the life of the loan.
